*NOTE: The Independent Laboratory is certified by the Canadian General Standards Board under the ISO Guide 25 for Testing Laboratories. The test method (CSPA DCC-09 Glass Cleaner Evaluation) is the industry preferred test method by organizations such as Green Seal. The testing was conducted on September 12, 2005.

This product has been formulated in a partnership with the Design for the Environment Program.

This product meets the Green Seal™ environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.
